**What is Keratin Complex?**

Have you ever wished that your hair was more manageable? Softer? Smoother? Had more shine? Keratin Complex Smoothing Therapy by COPPOLA is the answer. This revolutionary smoothing system infuses Keratin deep into the hair cuticle, eliminating up to ninety-five percent of frizz and curl and leaving the hair smooth, shiny and luxurious. Results typically last 3 to 5 months depending on hair type. Our client testimonials refer to Keratin Complex Smoothing Therapy as "life changing." It rejuvenates and revitalizes the hair, giving it a softer, silkier feel that everyone raves about. Unlike other salon services, the more you treat your hair, the healthier it becomes. With each treatment, the build-up of Keratin makes the hair:

- Smoother and Silkier
- Straighter and Shinier
- Easier and Faster to blow-dry
- Close to being "maintenance-free"

Keratin Complex Smoothing Therapy is gentle enough to use on all hair types: color treated, chemically processed, bleached or highlighted
